

## Who is adamsbridge?

We are a technology-enabled company providing accounting sourcing solutions. Our 800+ employees will manage and optimize your back office, allowing you to focus on your core business activities.

## Tailored, Cost-Efficient Accounting Services

Sourcing your real estate accounting with adamsbridge is a smart way to offload daily accounting tasks so you can focus on driving stakeholder value. adamsbridge has the expertise and proven approach to rapidly improve your accounting department while also saving you 40% to 70%.

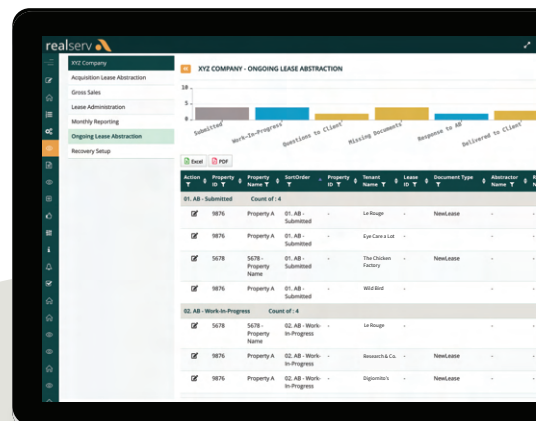

## Our Strategic Advantage

Averaging 20 years of finance and real estate accounting experience, our account managers are considered leading experts by our clients and the industry. What does this mean for your business? You can draw upon our extensive knowledge of the intersection of real estate, outsourcing, and accounting to streamline your business and grow NOI.

## Real Estate Accounting from Industry Experts

Our account management team is ready to assist in structuring an engagement. Contact us to learn more about how we can handle your:

- Property accounting across multiple bases (cash, accrual, GAAP, market value, tax)
- Entity accounting
- Corporate accounting
- Fund accounting
- Budgeting, forecasting, and cash flow modeling

## realserve, Our Proprietary Platform Providing Real-Time Visibility into Your Accounting Process

Our realserve workflow portal gives you real-time access to every piece of work being managed by adamsbridge. Need to check on the status of an invoice? Go to realserve on your desktop or mobile app and track the source document's progress from receipt until completion – in real time.

## Partner with the Proven Experts

In addition to real estate accounting, adamsbridge can manage every aspect of your real estate business, from leasing to asset and portfolio services. We engage with our clients to create an efficient roadmap that includes co-sourcing as a key component of your business strategy.

Our executive team possesses extensive experience in financial and operational positions with some of the world's largest real estate companies and consulting firms. We've seamlessly transitioned over 100 institutional real estate owners, managers, and investors into a sourcing model.
